TECKpert Receives Three 2013 Communicator Awards for Web and Mobile Sites

Digital Web Agency wins three Communicator Awards for their creative excellence.

MIAMI, Florida (May 23, 2013) – TECKpert, a digital web agency specializing in responsive web design, mobile and web development, online marketing and cloud-hosting solutions, recently received three Communicator Awards from the International Academy of the Visual Arts. Established nearly two decades ago to recognize communication professionals for creative excellence, the Communicator Awards receives thousands of entries from the U.S. and abroad each year, making it one of the largest and most competitive award programs of its kind in the world.

TECKpert won 2013 Silver Communicator Awards for one entry in the Mobile Sites: Business category (CSK Mobile, a legal app for law firms) and for two entries in the Website: Real Estate category (Esolist and 400 Sunny Isles Miami). The prestigious Silver Communicator Award is presented for projects that exceed industry standards in quality and achievement.

“I am proud of my staff and delighted for our clients,” said company founder, Adrian Esquivel. “At TECKpert, we build for the web, but, more importantly, we build relationships. By collaborating with our clients, we are able to develop and implement award-winning strategies and technology solutions that help them grow their business online.”

Dan Mathason, who works with the development team behind 400 Sunny Isles, says the Internet has changed the way consumers search for homes, and a strong online presence is essential for attracting potential buyers. “Working with Adrian and his team to create and execute this vision has been a great experience,” says Mathason. “Thanks to TECKpert’s web expertise, we now have a unique, award-winning online presence that allows us to showcase our offerings and is fully integrated into our vertical sales and marketing plan.”

About the Communicator Awards
